

**Supervisory team**

Dr Chris Bowers, Dr Chris Russell, External

## Application Process

To begin the application process please go to

<https://www.worc.ac.uk/courses/dementia-studies-mphilphd>

and apply for one of our advertised projects. You can apply for one of our advertised projects on a part time or full time basis so please select the relevant application link. On the application form, please make it clear that you are applying for one of our advertised projects so we can direct it straight to the relevant people.

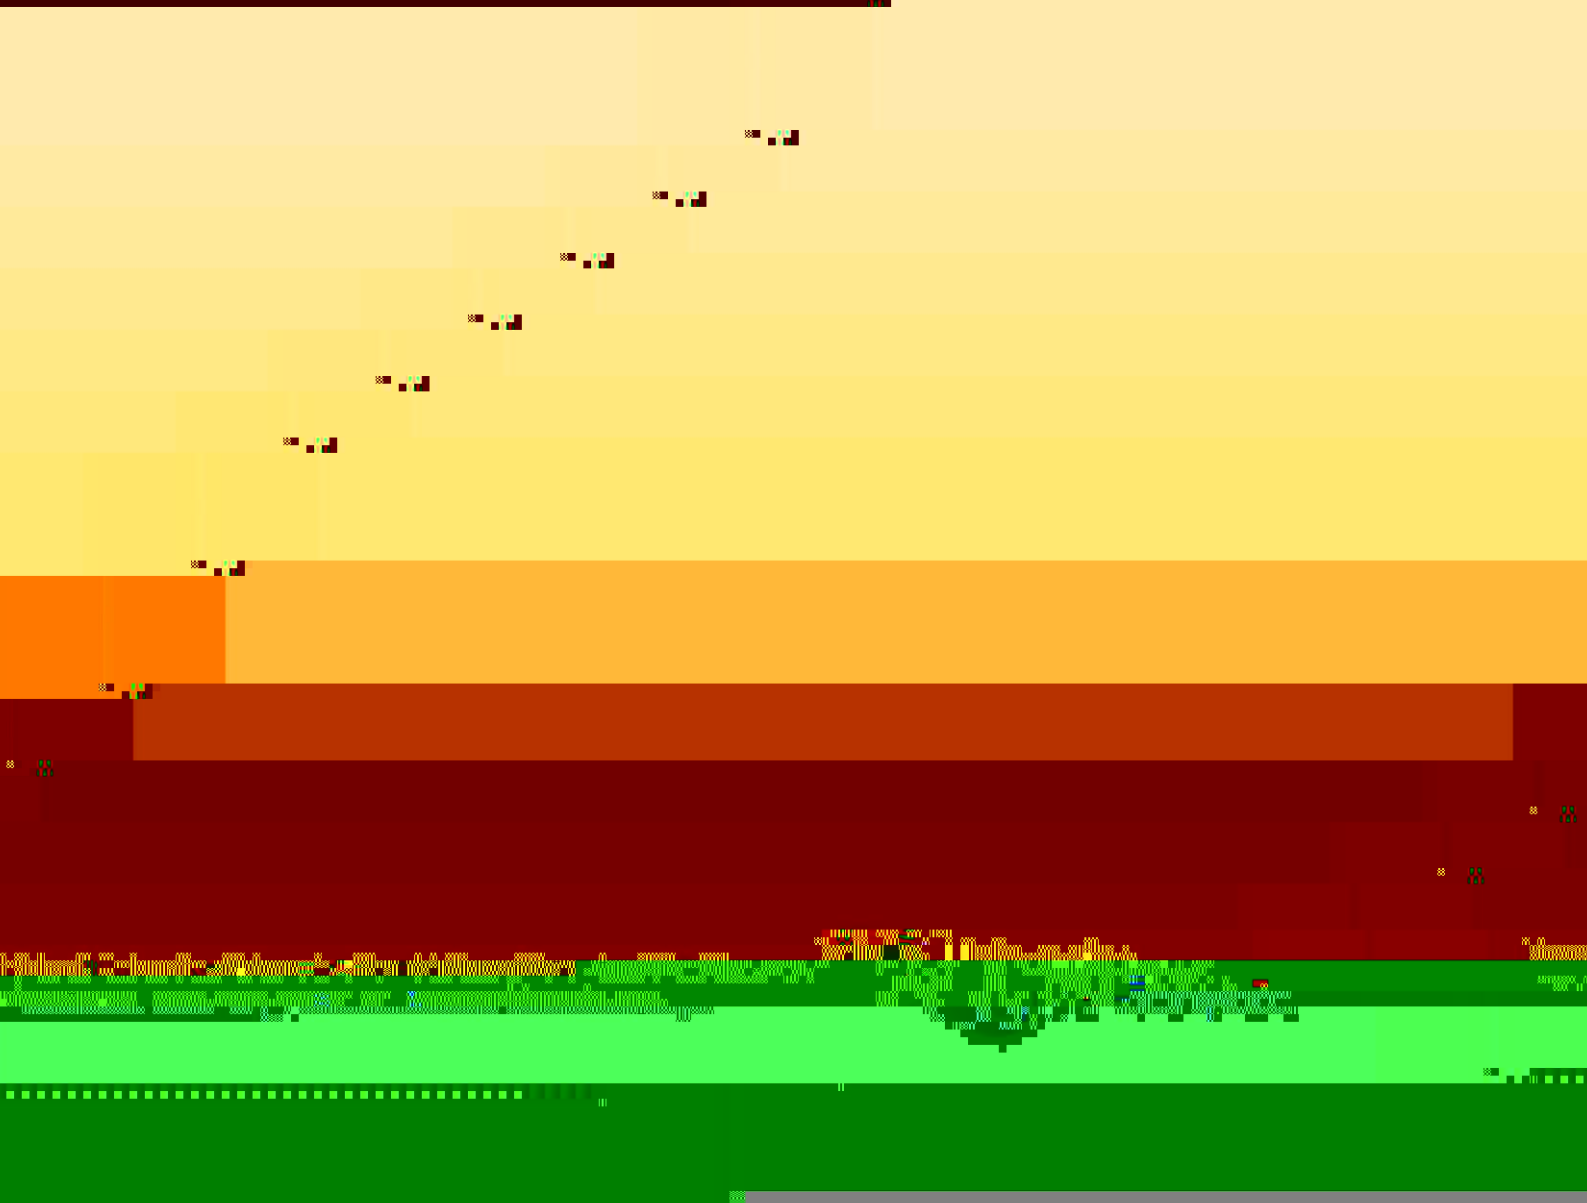

## The Interview

All successful applicants will be offered an interview with the proposed Supervisory

### Research Degrees at Worcester

Our research students are central to our overall mission for research. They are working at the cutting edge of their disciplines and driving forward the quality of our research whilst enriching our research culture. We are looking to increase our research student numbers as a strategic imperative.

Our commitment to our students is reflected in the results of the Postgraduate Research Experience Survey 2023 in which we ranked 3

**Uncertain** - The real-world is often complex and messy resulting in noisy and inaccurate data.

**Dynamic** - The real-world is ever-changing resulting in a highly dynamic environment.

**Computationally challenging** -

are computationally very difficult for a computer such as learning and interaction. Yet we required small compact devices to performance this on a regular basis such as mobile devices performing face-recognition.

### Widening Participation

As part of its mission statement the University is committed to widening participation for its higher degrees. Although most candidates will have an undergraduate and/or a Masters degree, the University is happy to accept applications from candidates with relevant professional qualifications and work related experience.

**For further information** or an informal discussion on this project, please contact Dr Chris Bowers (Director of Studies) via email at [c.bowers@worc.ac.uk](mailto:c.bowers@worc.ac.uk)
